## Technical Details

### Hosting and Domain name services

- Domain name registration and hosting services for 1 whole year cost \$150  
This is renewable on a **yearly** basis. We use the best architecture and web technology to host all of our developed websites.
- We will register a domain name for you, setup the server needed to host your Company site and create the initial website specific email you wish for your company ( example: [you@yourdomain.com](mailto:you@yourdomain.com) )

## Technical Support

We will provide a 2 months **FREE** technical support for you after launching your site on the web (www). We will answer your questions regarding website management, technical details, content management, user management or anything about operating your website.

Note: If you're too busy and can't manage or don't have time to manage and maintain your website, we also offer a Website Maintenance Service, please contact us if you need these services and we will give a quotation and technical details included about this.

## Payment for Services

**Payment:** At the start of the development process for your company website, you need to pay us 50% of the total development costs, the remaining balance of 50% will be given upon the completion of the website. We will start the development immediately upon receiving of the initial payment.

**Mode of Payment:** Client can make payment either by Zelle, CashApp or PayPal. Upon confirmation of payment we will start the development process of the site, setup the hosting & register a domain for you.
